DLA Energy Worldwide Energy Conference
Building Stronger Partnerships

May 20 - 22, 2019
Gaylord National Hotel and Convention Center
National Harbor, MD

www.WWEnergyConference.com
The Worldwide Energy Conference’s primary objective is to provide a forum for energy industry leaders in the private and public sectors to engage in dialogue about issues critical to both industry and consumers.

“By engaging in this open forum and sharing our needs with private industry, I met and exceeded my goals. The Worldwide Energy Conference clearly demonstrated that commercial industry is capable of responding to DLA solicitations with technically applicable applications.”

Jim Mandziara,
DLA Energy Director,
Business Process Support Directorate
DLA Energy Worldwide Energy Conference made a remarkable return in 2017 with more than 2,300 participants seeking the best products, technologies and services as well as the best practices from the leaders in the energy industry.

If your company provides solutions for this energy market, the Worldwide Energy Conference is the best way to place your products and services in front of the decision makers from around the globe who will be attending the event.

“The Worldwide Energy Conference is back with a bang! It is a great platform for discussing “anything energy” – fuels, renewables, policy, and future trends. Well-postured for being an event you mark on your calendar with a pen, not a pencil.”

Paul Churchill
DLA Energy, Utility Services
“The volume and quality of attendees were the best I’ve ever seen at a trade show.”

Robert McGonagle,
Scully Signal Company

“This was an excellent event that gave me access to industrial peers and clients. I look forward to exhibiting at the next event.”

Anthony Dusovic
United Water Federal Systems

“The DLA Energy Conference is one of the best events available to reach our clients and potential clients for our spill response planning and training services.”

Wayne Tansil,
Corporate Director,
Business Development – Ensafe, Inc.
“The Worldwide Energy Conference was a unique and exceptional opportunity to physically assemble the entire DoD energy enterprise including customers, vendors, industry professionals, and policy makers in one venue to exchange ideas, identify challenges, and outline opportunities for the future on an extended planning horizon.”

COL Marc Thoreson,
Commander, DLA Energy Middle East

“Very professional experience, highly recommended to anyone looking to do business with DLA. DLA put on a great show. Looking forward to next year.”

John T. Waldheim,
COO, Defense Energy Syndicate LLC
